

IBD BENCHMARKING TOOL 2019/2020 RESULTS OVERVIEW

KENT AND CANTERBURY, WILLIAM HARVEY AND
QUEEN ELIZABETH THE QUEEN MOTHER HOSPITALS

www.ibduk.org

This report shows results from the IBD Benchmarking Tool 2019/2020, a new way to assess how well services across the UK are providing care against the IBD Standards 2019. It includes information from a self-assessment completed by the IBD Team and from an IBD Patient Survey completed by 111 patients who use this service. This report has been produced by IBD UK, a partnership of patient and professional organisations working together for everyone affected by IBD.

Key

IBD Patient Survey 2019

IBD Service Self-Assessment 2019/2020

The Service in Numbers

Covers a population of

800,000

Supports

2,000

adult IBD patients

Of which

200

were diagnosed in the
past 12 months

The IBD Team

The IBD Standards define the ideal make-up of the IBD team in terms of full-time roles. Shown below are the actual numbers for this IBD team, with ideal numbers based on population size in brackets beneath.

Quality of Care

Overall, how would you rate the quality of your Crohn's or Colitis care over the last 12 months? [105 responses for this service]

Rated as "Excellent"
or "Very good" by 43%
of patients

Rated as "Fair"
or "Poor" by 31%
of patients

Rated as "Good" by 26% of patients

These results have been made publicly available to support clinicians, patients and commissioners to improve quality of care for IBD patients. Thank you to everyone who responded to the IBD Patient Survey 2019. The next IBD Patient Survey will run in 2021.
