IBD BENCHMARKING 2023
RESULTS OVERVIEW - PAEDIATRIC SERVICE

GREAT NORTH CHILDREN'S HOSPITAL

www.ibduk.org

This report shows results from the IBD UK benchmarking in 2023, which includes the IBD Patient Survey and Service Survey. Service Survey data appears only for those IBD services that took part, and Patient Survey data appears only where more than five patients from this IBD service completed the IBD Patient Survey. This report has been produced by IBD UK, a partnership of patient and professional organisations working together for everyone affected by IBD. This report was published in March 2024.

Key

IBD Patient Survey 2023

IBD Service Survey 2023

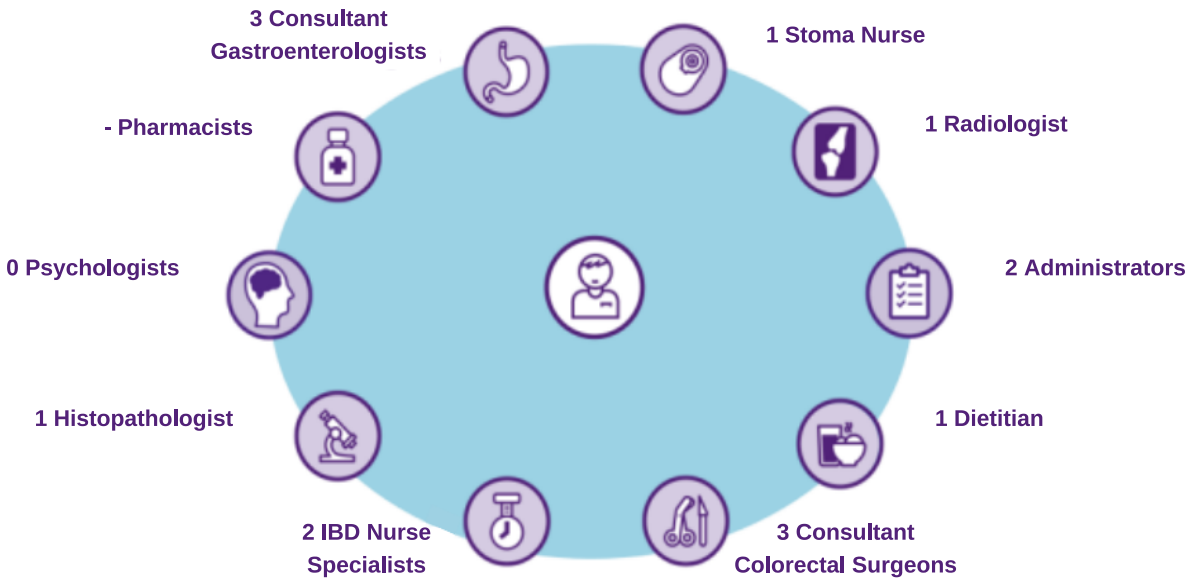

The Service in Numbers

Covers a population of
300000

Supports
485
Paediatric IBD patients

Of which
-
were diagnosed in the past 12 months

The IBD Team

Quality of Care

Overall, how would you rate the quality of your Crohn's or Colitis care over the last 12 months?

Unfortunately, no information can be included here due to insufficient numbers of patients (less than 5) responding to the IBD Patient Survey for this service.

These results have been made publicly available to support clinicians, patients and commissioners to improve quality of care for IBD patients. Thank you to everyone who responded to the IBD Patient Survey 2023.
